BALLARDVALE HISTORIC DISTRICT COMMISSION
APPLICATION PACKET FOR CERTIFICATE OF APPROPRIATENESS

Instructions for Completing and Filing an Application:

If you live in or own property in BallardVale Historic District and are planning to do any work visible from a public way, a Certificate of Appropriateness must be issued by the BallardVale Historic District Commission before any work can proceed or a building permit will be issued. This includes renovation, replacement, construction, additions, or demolition to your house, out buildings, swimming pools, fencing or retaining walls. Failure to receive approval could result in stop work orders and/or monetary fines.

Once your application is received, you will be notified of the time, date and location of the meeting. Meetings are usually held the first Wednesday of every month at 7pm at the Andover Town offices. You or your representative must be present at the Commission meeting.

Materials and documents that support your application will vary depending upon the size and scope of your project. See Minimum Support Materials and Documents on Page 3. Color photocopies or prints of existing conditions are requested for all applications.

See Flow Chart on Page 4 for Application sequence of events. This will give you an idea of the time needed to complete the application process.

Projects Subject to Review (if visible from a public way):

- Construction of new building or structure
- Demolition of a building, structure, or wall
- Replacement of windows or doors, addition or subtraction of windows or doors
